To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee. 3. The following is an Examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims in this case, is the inclusion of the limitation "a hardware carrier having a body including a front and back surface; and a seal molded to the front surface and having a length and at least a first non-linear configuration, the first non-linear configuration being defined by opposing top and bottom surfaces of the seal and opposing first and second side walls of the seal, the first and second side walls connecting the top and bottom surfaces, the bottom surface being molded to the front surface of the carrier and the top surface being planar for contacting the doorframe structure to seal the carrier thereto, wherein the first non-linear configuration is repeated substantially along the entire length of the seal to define a repeating pattern when viewed from the top surface" in the independent claim, in combination with the other recited limitations in claims supported by this application, which are not found in the prior art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
